**Greetings From Shari:**

\*\*\*\*\*

I find myself still smiling in response to the gorgeous Beauty and Joy ceremony we experienced with community last month! People resembled the new buds opening these last few days, tender, vibrant, receptive, and bursting with new life!  
 On the heels of this sweet gathering Jonathan and I found ourselves being called to assist the New Children and Millennials on the planet. If you want

**IDEA OF THE MONTH:**

I was so deeply moved by the link below that I am going to offer it as the "idea of the month". The woman featured in it demonstrated such profound Compassion, Mercy, and Forgiveness, in the face of such tremendous violence and loss. She chose Love over hate and fear, she chose to see Oneness and to dispel the illusion of separation. Her gift to us is her Heart. We can all learn from her and practice this more in our lives.

**LOVERS**

By Rumi

O lovers, lovers it is  
time  
to set out from the

to learn more about them a good place to start is Patricia Robles's downloads which can be found at [eraofpeace.org](#), her vlogs 48-51. In one of these vlogs she writes: **“The grossly contaminated body of humanity has wreaked havoc on our Earthly plane. This pain and contamination has delayed the new children and millennials from contributing their gifts to the transformation. We who agreed to serve the new children and millennials must assist them in awakening their consciousness codes.”**

For a while now we have worked with many of the New Children on the planet. These children have demonstrated much distress and trauma, different from the old type of issues that are part of conflicts with parents, schools and authority. These children, late adolescents, and early adults, share profound suffering and confusion. They often feel severely alienated from the existing world, systems, values and perspectives, resulting in hopelessness, anxiety, depression and rage. They have been misunderstood, labelled, and medicated, by caregivers, medical professionals, teachers and clergy.

The New Children have not been taught about who they are and why they are here. They are extremely empathic and have thus absorbed the toxins on the planet with little or no guidance on how to process it all. This has led to deeper levels of despair, internal and external expressions of chaos, violence, and grief.

Patricia Robles is hosting a global event in August to awaken the consciousness codes of these extraordinary Beings. We have been guided to assist in her global activity of Light remotely. We have also been guided to run a program for New Children/Millennials ages 11-29 starting this month, and culminating in an Activation Ceremony with them on August 12th.

If you feel the heart call to assist you can begin

world.  
I hear a drum in my  
soul's ear  
coming from the depths  
of the stars.

Our camel driver is at  
work;  
the caravan is being  
readied.  
He asks that we forgive  
him  
for the disturbance he  
has caused us,  
He asks why we  
travelers are asleep.

Everywhere the murmur  
of departure;  
the stars, like candles  
thrust at us from behind  
blue veils,  
and as if to make the  
invisible plain,  
a wondrous people have  
come forth.

by identifying the New Children and Millennials in  
your life. Tell them about our offering as well as the  
information in Patricia's vlogs. You can share all  
of this with teachers, professionals and others who  
are in contact with the Holy Innocents. If this  
deeply resonates with you, you can also donate  
money to support a child's attendance in  
our program. We have already received a  
donation which is helping allow a young man to  
attend this program.

***Reflections from Jonathan:***

\*\*\*\*\*

Today as I write I realize it is Easter, Passover and April 1st. The fact that there is a possibility of snow tonight in Pennsylvania is downright funny on April 1st.

Now to Passover and Easter; both holidays that I experienced as a child. My family practiced Judaism for my first eight years and when my parents remarried Christians I benefitted by having Easter introduced as well. At eight what was most exciting about Easter were those baskets with fluorescent green easter grass with a huge edible chocolate Easter Bunny statue and those delicious yellow peeps! During that no one worried about artificial flavors and colors, so the imbibing of that bright yellow and pure sugar was simply exhilarating. Passover was a wonderful time of ceremony in which food was tied into the exodus from slavery into Freedom, with an exciting hunt for matzoh (afikomen) which followed many Passover meals.

This year has been a great experience of resurrecting Joy at a deeper level for me. I cannot remember a time since early childhood that my waking and the day ahead of me was greeted with such excitement. I often have suggested to others to live the preciousness of the moment, that the present moment is a NOW gift. There are a number of things I have done which have allowed that lightness and Joy to come more deeper every day, which I share in sessions with others and here.

So, I am psyched about being able to co-create a space for children, adolescents and millennials! I am honored and excited to offer an experience together where they learn empowerment tools, and

in ceremony are able to shed the burdens of living  
in a pressured world. I am thrilled to assist them in  
their remembrance of who they are and the joy of  
being alive!

Love-

Jonathan
